

We provide training designed to equip all levels of the workforce with the knowledge and skills to help achieve your environment and sustainability goals. Our IEMA accredited courses help you to implement your Net Zero strategy and factor in the Environment Act 2021.

The course	Who is it for?	How does it help?
IEMA Leading with Environmental Sustainability	Senior leaders in organisations	Enables senior executives to create an environmental sustainability strategy for their business.
IEMA Environmental Awareness	Steering groups and green champions	Helps to engage and empower people to be more focused and productive, ensuring that environmental objectives are achieved.
IEMA Sustainability Skills for the Workforce	Any worker or non-environmental specialist	Provides a practical introduction to environmental sustainability, to equip delegates with the knowledge, understanding and motivation to make a positive difference within their organisation.
IEMA Environmental Sustainability Skills For Managers	Managers, supervisors and team leaders with environmental responsibilities	Provides the understanding of the strategic and operational implications environmental sustainability has on them, their team and department, enabling them to contribute to the improved environmental sustainability of their organisation.
IEMA Foundation Certificate in Environmental Management	Environmental specialists	Provides a solid foundation of knowledge in environmental management. The course covers all the areas of knowledge required to become an Associate Member of IEMA (AIEMA).
IEMA Certificate in Environmental Management	Experienced environmental specialists	Delegates will gain the knowledge and skills that are needed to be an effective Environmental and Sustainability Practitioner. The course covers all the areas of training required to become an IEMA Practitioner (PIEMA).
IEMA Diploma in Sustainable Business Practice	Senior environmental specialists	Addresses a wide range of environmental and sustainability issues and topics, including environmental and social risk identification, strategies for improving performance and personal effectiveness to instigate and lead change.

We offer a variety of different face to face and virtual delivery methods, ensuring we match the learning style of your organisation and its individuals.
