

NEBOSH INTERNATIONAL GENERAL CERTIFICATE IN OCCUPATIONAL HEALTH AND SAFETY

The International General Certificate in Occupational Health and Safety is a globally respected qualification. The qualification represents the role of a real-life health and safety professional, giving learners everything they need to know and do to make their workplace safer. Make UK can tailor this course to your business to include details of your processes, documents and corporate vision.

COURSE OVERVIEW AND ASSESSMENT

Equivalent to an A-Level on the National Qualification Framework, the course consists of two units.

IG1 - Management of health and safety

- 1 Why we should manage workplace health and safety
- 2 How health and safety management systems work and what they look like
- 3 Managing risk – understanding people and processes
- 4 Health and safety monitoring and measuring

IG2 - Risk Assessment

- 5 Physical and psychological health
- 6 Musculoskeletal health
- 7 Chemical and biological agents
- 8 General workplace issues
- 9 Work equipment
- 10 Fire
- 11 Electricity

65 TAUGHT HOURS AND APPROX. 40 HOURS OF PRIVATE STUDY AND BACKGROUND READING

IG1 is assessed via an open book exam, which is administered on-line & must be completed during a set 24-hour window. IG2 is a risk assessment carried out in the learner's workplace.

Learners receive an overall refer, pass, credit or distinction grade following their open book examination and a pass grade for the practical assessment. Learners are able to re-sit to improve their grade.

WHAT NEXT?

For learners wishing to continue their professional development and study at a higher level we recommend the NEBOSH International Diploma for Occupational Health and Safety Management Professionals.
